
Certificate for Experimental Results

It is certified that the result of test on inactivation of bacteria as below;

1. Manufacturer: INB Co.,Ltd (President: Lee, Kang-Soo)
#522 Unitechvil, Backsuk-dong, Ilsan-gu, Koyang-si, Kyunggi-do, Korea
2. Product name: VirusKiller
3. Strain and its titer used for inactivation:
- Streptococcus pyogenes KCTC 3096
4. Experimental methods: Number of surviving bacteria obtained from filters captured exhaust air, after direct introduction of bacteria into the air cleaner(VirusKiller) by aerosol spray with 20mL solution containing the above titer of bacteria.
5. Experimental result: No surviving bacteria from the exhaust air was detected.
The air cleaner(VirusKiller) inactivated all of the bacteria added for the test.
